

MODERN BALCONY TILES DESIGN

ABOUT US

MyTyles is an Online Retailer in the tiling industry based out of Bangalore, India. The first Indian tile company to offer tiles in both online and offline stores, transparency, variety, and perseverance form the backbone of our organisation. Bringing together a wide range of imported and homegrown tiles from the finest manufacturers across the globe has allowed us to cater to the needs of a modern homeowner. Since 2016, we have been committed to a vision of a world where Indian consumers can shop for tiles from the comfort of wherever they are over taps and clicks. Showcasing little known, historical, ethnic and trending items together under one brand name is only the first step in that direction.

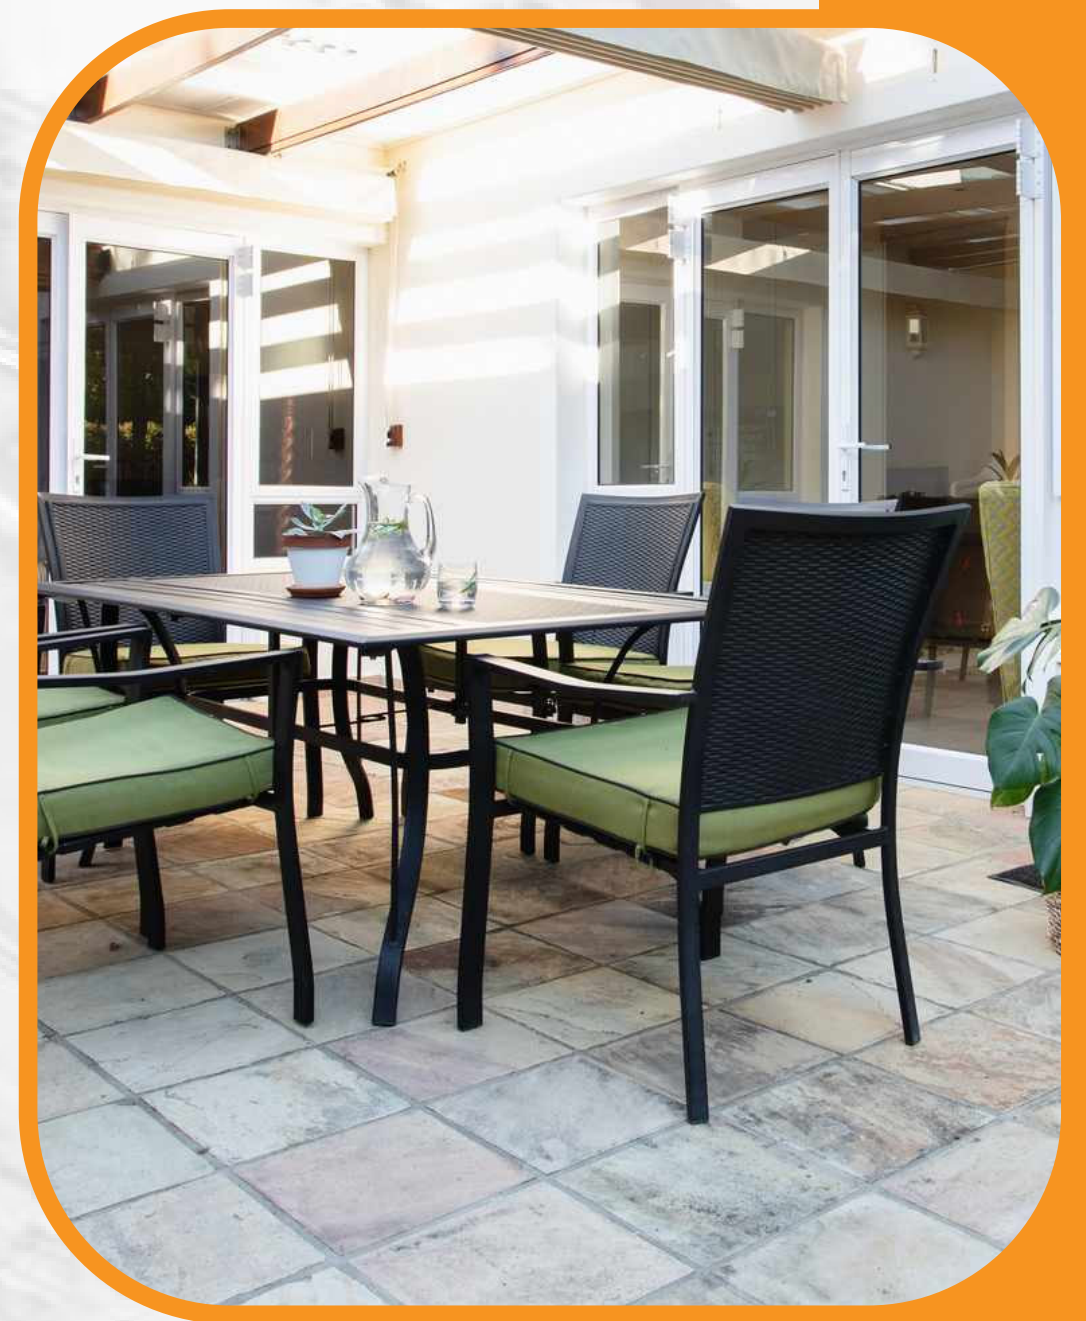

Ceramic Tiles: Ceramic tiles are an ideal option for small balconies due to their versatility and wide range of colours and patterns. They are easy to clean and maintain, making them perfect for outdoor spaces exposed to the elements. Choose from glazed, unglazed, or textured finishes for enhanced slip resistance, and match them with other design elements for a cohesive look.

Porcelain Tiles: Porcelain tiles offer exceptional durability, making them an excellent choice for small balconies. They are resistant to water, weather, and staining, which means they can handle exposure to harsh outdoor conditions without deteriorating. Porcelain tiles come in various styles and finishes, allowing you to create a stunning and long-lasting outdoor space with minimal upkeep.

Natural Stone Tiles: Natural stone tiles bring a touch of luxury and timeless elegance to small balconies. Options such as slate or travertine add unique character with their natural textures and colour variations. These tiles are highly durable and age gracefully, providing an upscale, sophisticated look that complements any outdoor space.

Wooden Tiles: Among modern balcony tiles designs, wooden tiles offer the warmth and natural beauty of wood with the practical benefits of porcelain or ceramic. They provide a cosy and inviting ambience for small balconies, blending seamlessly with outdoor furniture and plants. Wooden tiles are also designed for durability and low maintenance, ensuring they can withstand outdoor conditions while retaining their natural charm.
